## Intention Notice Must Be Filed Within One Month

Lemon Grove Men's Club has less than one month to file a Notice of Intention To Incorporate with the County Board of Supervisors.

On September 20, a five man Local Agency Formation Commission will begin functioning in San Diego County and will have the power to block areas wishing to incorporate.

The Commission will be composed of two members appointed by the County Board of Supervisors to represent the county; two members selected by all the mayors of cities in the county to represent the cities; and one member chosen by the first four members of the commission to represent the general public.

**No Qualifications Given**

Assembly Bill 1662, which establishes the commission, provides no qualifications for this fifth member.

The question is, will this fifth member represent city interests or the people of unincorporated areas? If he represents city interests, as pro-incorporation groups fear he may, this may be Lemon Grove's lost chance to become a city and remain independent.

**To File Notice**

The Men's Club, which acts as a general forum in the community has taken the initiative to file a notice of intention to incorporate. The notice, which must be filed before September 20, will exempt Lemon Grove from Assembly Bill 1662 for 90 days, and will allow residents time to petition to incorporate.

However, the County Board of Supervisors received advice Tuesday that it could block any attempts of incorporation before the Local Agency Formation Commission goes into effect September 20.

**To Expand Committee**

Frank Armstrong, chairman of the Men's Club committee said he hopes to expand the committee with people representing community groups and interests next week, and to begin determining the boundaries of the proposed incorporation.

The notice, he said, requires signatures of not less than 25 and not more than 50 landowners of the community, plus a determination of the boundaries for the proposed incorporation.

Armstrong and other members of the Men's Club fear the Local Angency Formation Commission power to stop Lemon Grove from incorporating.

**Annexation Threat**

"Judging from legislation in the last session of the State Legislature, densely populated unincorporated areas will not be permitted to stay unincorporated but will be forced to be annexed by a neighboring city," Armstrong remarked.

Assembly Bill 1662, which was pushed in the last session of the legislature by the California League of Cities and the State Supervisors Association, allows the formation commission to approve or disapprove annexations to a neighboring city.

**San Diego Taxes**

If annexed by San Diego, as the College Grove Shopping Center has been, Lemon Grove residents will have to pay San Diego property and Unified Port District taxes, and will have to secure permits through the City of San Diego instead of through the county.

**Meeting Planned**

The Men's Club will have another round table discussion this Friday at noon in Michael's cafe to discuss incorporation and its membership campaign.

The organization, the oldest in Lemon Grove, is open to all men who have a desire to help the community.

The club is dedicated to "the betterment of the community, good fellowship and a better understanding of community problems." The Club's by-laws state that members may "endorse or take action on any matter a majority of the members feels is for the betterment of the community or its business."

## Group To Push Grossmont Tax Rate, Bonds

A Grossmont Union High School District Committee for Good Schools this week adopted plans for an intensive two-month campaign to pass two school issues on the October 29 ballot.

Voters will be asked to renew the present operating tax rate of $1.50 for each $100 of assessed valuation. If approved by a two-thirds majority vote, the $1.50 tax rate will continue for five more years beginning in July.

The current 1963-64 district budget rate of $1.25, which is not the maximum rate the district can levy, is higher than the district can impose without an override authorization in effect. The district will continue to be able to levy up to $1.50 for operations if voters approve October 29.

The Committee for Good Schools also will ask voters to allow the district to sell up to $4.4 milion in bonds to pay for existing state loans.

Approval of the bonds by a two-thirds majority would allow the district to stay in the state school aid program and would permit the district to continue borrowing from the state as a repayment rate 12 cents lower than otherwise.

The bonds also would enable the district to build a new high school in Santee to ease overcrowding at El Capitan high where enrollments are expected to exceed capacity by 1,200 students in 1967.

The Committee for Good Schools, in making plans for its campaign this week, considered materials to be used in speakers' bureau presentations. The group also discussed preparation of printed materials and set September 12 for the next general meeting at which finance, publicity, materials, speakers and precinct workers committees will report.

The committee is composed of 25 community members representing school and civic organizations under the co-chairmanship of Jack Mayer and Mrs. Lou Morrow.

Students not registered should call at the counseling office of his school on August 29 and 30. Students are advised to report at counseling offices on these days to set up the best possible schedule for the 1963-64 school year.

The Board's regular meeting, August 19, was postponed because a quorum was not available. The High School District will meet this Tuesday at 7:30 p.m. followed by the Junior College District meeting.

## Lodge To Get $2.5 Million For Expansion

Financing for a $2.5 million addition to Monte Vista Lodge, a retirement development in Lemon Grove, has been arranged through Dwyer-Curlett & Co., according to John Schwindler, San Diego manager of the mortgage banking firm.

The Guardian Life Insurance Company of America is the source of loan funds and this represents Guardians largest single investment in Southern California, Schwindler said.

A total of 55 units, with a capacity of 255 retirees, will be available when construction is completed. Features will include an infirmary heated swimming pool, woodworking shop, garden shop putting and croquet greens, a sunken garden and a recreation lounge.

Two dining rooms also are planned .

Constuction has been started by the Rhia Construction Co. and the model units will be completed in about six months, Schwindler said. The project has been approved by the Federal Housing Administration.

The retirement lodge is expected to be the largest single business in Lemon Grove in terms of work force with a staff of 60 persons when completed

HAPPY BIRTHDAY—The Lemon Grove branch of the First National bank will participate in birthday ceremonies Tuesday when the firm marks its 80th anniversary. The First National Bank group opened its 28th location recently. It first opened its doors on August 27, 1883 at 5th and E. sts. in San Diego. The Lemon Grove branch was opened in June, 1949. In Lemon Grove, coffee, punch and cake will be served Tuesday from 10 a.m. to 3 p.m. to mark the celebration. In the photo above are A. K. Sonka, local resident and property owner; Marcia Manu, "Miss Lemon Grove," and Jack Koop, vice president and manager of the Lemon Grove branch. Koop has been with the firm since Oct. 1930.

SAN DIEGO (CNS) — The County Board of Supervisors received advice Tuesday that it could halt any incorporation attempts in the county until a new super-agency is formed to consider them.

Bertram McLees, Jr., county counsel, outlined effects of a new law, Assembly Bill 1662, that sets up an agency which will have the power to decide incorporations and annexations.

The new agency goes into effect September 20 with two representatives from the county, two chosen by the mayors of all the cities in the county and a citizen-at-large chosen by the other four.

McLees told the supervisors that he has been advised that the county should not consider any incorporations until the new agency is established.

The county's consultants for bond issues advised that incorporations should not be formed until after the new agency is established in order for bonds to be saleable.

McLees termed the advice "most conservative," but said it might cause some problems for any incorporation attempts being considered.

In answer to a question about a proposal to incorporate Lemon Grove, McLees said that a notice of intention, petitions and signature checking would probably have to be completed before the September 20th deadline to avoid coming under the jurisdiction of the new agency.

Some advocates of the Lemon Grove incorporation have termed the new law a threat to any chance of the area becoming anything more than a part of San Diego.

McLees told the supervisors that the cities had a deadline of 60 days after the new law goes into effect to name its members to the new agency. Only mayors or city councilmen may serve from the cities.

The county may appoint anyone of 10 different officers including the supervisors. Terms on the new agency will last four years.

## Corn Crooks Captured by Shotgunner

Apprehended with the corn in hand were three 16-year-old youths Saturday near midnight.

Abe K. Mukai, a rancher of Sweetwater and Palm, Lemon Grove, was warned by telephone by a neighbor that his corn field was being violated by the youths taking corn in a pick-up truck.

Shotgun in hand, he circled the field and "got the drop" on the culprits.

Having called the sheriff's department before he started the track-down, deputies soon reinforced him and took the youths into custody.

Two of the youths lived on Ivanhoe st., and Ildica st. in Spring Valley. The other lived on El Prado in Lemon Grove.

**Manhole Covers Recovered**

The mystery of the missing two manhole covers from the La Presa water district has been solved.

A seventeen-year-old youth was apprehended after a witness reported to have seen him load them in the back of his car.

He admitted the theft and said he needed them to weight down the back of his hot-rod.

**Battery on Bicycle**

Mrs. Marian Costanzo, 3347 Fairway dr., Spring Valley, complained to Sheriff's deputies last week when her son, Kim, was run over by two boys riding double on a bicycle.

Kim, 4½, was treated by a doctor for a small laceration and bruise on the rear of his head, plus numerous abrasions on his back and arms. Mrs. Costanzo said a bicycle tire mark was plainly visible on Kim's bare back from his waist to his right shoulder. A suspect was named.

**Weight Loser**

A Spring Valley mail man last week lost $100 worth of weight in one day. While Bob D. Norma, mail carrier, was in church August 14, someone removed two dumbells and 49 pounds of miscellaneous weights from his garage at 436 Conception.

**Sidewalk-Walk Around**

Matico Adhesive No. 3, a tar substance used to glue tile to the floor, was used the wrong way the night of August 12. Ruth B. Shurchill, of 8749 Valencia, Spring Valley, told Sheriff's deputies she found the sticky stuff painted on the sign by her front driveway and the remainder of the can thrown on the front sidewalk.

On the same night, Marvin R. Sawcer of 8958 Valencia reported that someone painted the hood, window and door of his car with the tar substance.

**Found Dead**

Richard J. Baker, Sr., 67, was found dead the morning of August 13 by his wife, Elizabeth.

Baker was found at his residence, 7070 Broadway, Space 77, Lemon Grove, lying face down

The Fireballs are managed by Mrs. Sarah Williams.

## Commission Orders Gas Refund Here

LOS ANGELES—San Diego Gas and Electric Company was ordered August 14 by the California Public Utilities Commission to refund $1,472,524.44 to its gas customers, plus interest at 6 per cent.

However, the company was given until Sept. 2 to show cause why it should not comply. Otherwise it must submit a plan refunding the entire amount.

The concern had previously submitted a plan, unacceptable to the PUC, in which only half the amount would be refunded, the company keeping the other half.

The $1,472,524.44 was refunded to the company by Southern Counties Gas Company on order of the PUC and resulted from excessive charges paid by the latter firm for out of state natural gas.

San Diego Gas and Electric buys all of its gas from Southern Counties, which gets its supplies from El Paso Natural Gas Company.

The Federal Power Commission previously ruled that El Paso charged Southern Counties too much during the period from April 15, 1955 to the end of 1957 and ordered refunds to Southern Counties. The California Commission in turn ordered Southern Counties to pass on the refunds to its customers.

# High School Students To Run Stores in L.G. For 'Skool Daze' Sale

"Skool Daze," the September 5-6-7 promotion of Lemon Grove merchants, will put into practice what it preaches.

School youngsters will be employed as clerks in many of the local stores during the 3-day event, according to Don Johns, chairman of the merchants division of the L.G. Chamber of Commerce. "Skool Daze" is the division's September promotion.

**Hired Through Agency**

Youngsters of high school age will be hired through the Youth Employment Agency at Grossmont District high school offices. "We have more than a thousand youngsters who will be tickled pink to work in this promotion," according to Mrs. Shirley Cooper, of the high school office. The office is associated with the State Department of Employment.

**New Opportunity**

Mrs. Cooper said that the opportunity for so many youngsters to work would prove invaluable to them as they complete school and move into the labor market. "We've never had an opportunity like this before," she said. "We have hopes that parents and friends of the youngsters will visit them at their places of employment and become customers as well." Local merchants will probably hire about 100.

**Contributing To Future**

Don Johns said the employment office had told him that no mass employment program had ever been tried before. "It is a good pioneer program and local business firms are making a splendid contribution to the future of their community by taking an interest in these youngsters," he said.

**Art To Be Displayed**

In addition to mounting a sale keyed to the return to school, the group is also playing host to the Foothills Art Association.

Claude Sarvis, chairman of the art display, said that more than 30 artists will display 10 to 20 pieces of art each. The show will be set up on the plaza between Main and Imperial south of Broadway, Sarvis said.

He said the Business Women's League will serve coffee to the artists.

A special edition of this newspaper will be issued with a "Skool Daze" theme.

### Frank-ly, We Like Curran

**When S.D. City Councilman Frank Curran is elected Mayor this fall, it isn't as though local folk didn't know he was a shoo-in all along.**

While residents of Lemon Grove and Spring Valley have no vote in San Diego City elections, they certainly have a voice. The local voice says Curran is the most popular candidate and two groups have gone through the formality of electing him.

**The local Rotary club, a couple of months ago, in an almost spontaneous election, elected him the Rotary Club's Mayor of the City of San Diego.**

In another election having no connection with the first one, the Lemon Grove Chamber of Commerce elected him to the same office. The latter spoof was part of the program at the Chamber's annual installation dinner when the banquet room was filled with thoughtful and important people.

**These elections are productive of no votes that can be counted at the San Diego election. However, people who live in the county do influence their associates in City elections. There is no question but that Curran is riding on a high crest of popularity. And, because he is a sincere man, there is no reason to believe that he'll be doing anything, or making foolish utterances that will change his posture.**

Curran has a lot to offer his City. On appearance alone Cur-

# Juvenile Crime a Home Front Battle

Edgar A. Flinn, 9424 Crst dr., Spring Valley advocates family worship as a deterrent against juvenile delinquency. Flinn and his family will serve as delegates to an eight-day international convention of Jehovah's Witnesses, scheduled for the Rose Bowl in Pasadena September 1-8.

At such assemblies, all members of the family serve as delegates. There is no special selection of representatives and each member of the congregation is qualified to attend. A total of 234 persons will represent the Spring Valley, Lemon Grove and La Mesa Congregations at the Pasadena convention.

**Strongest Weapon**

Flinn says he is one minister who is very concerned about juvenile delinquency and recommends such meetings as a means of combating the increase in crime among youngsters. He also stresses family worship as the strongest weapon against indifference among juveniles toward God and their responsibilities to their fellow man.

**'Bad Examples Flourish'**

"In this age of expediency," he said, "many would rather see a good example than be one. Setting a good example is not always convenient nor advantageous in a competitive world. Thus, bad examples flourish," he said.

He said the purpose for setting a good example is for others to copy.

In quoting Dr. Angelo Patri, Mr. Flinn made this observation from the book, "How To Help Your Child Grow Up": "Parents have to discipline themselves, make good models, set good patterns for children . . . You cannot teach religion to a child unless you possess it in your mind and soul and practice it while you live out your days beside him . . . If you have not kept faith with your religion, it is idle for you to send him for religious instruction. What you are, he knows; what you do, he registers as his pattern. Would you lead your children in the love of God? Love Him and do His will and they will go along with you . . . What you would be, express in your daily example."

**Appreciation of Relationship**

Family worship is more than taking your children to church, or worse, sending them, Flinn remarked. He says it is a matter of each member of the family understanding and appreciating a proper relationship with God and how it can be maintained.

"Good discipline is teaching a child what is expected of him," Flinn commented. "It means setting down rules and regulations he will follow. Children need a clear-cut, unconfused picture of the rules you expect them to keep. It is necessary that these rules have a strong foundation such as the Bible," he said.

**Breakdown of Morals**

In concluding, Mr. Flinn said stronger laws and tougher enforcement are not the answer to juvenile delinquency. He said such delinquency is the result of the breakdown in morals among adults. He also pointed to the changing views the world has adopted on moral values.

"I read recently an article by Dr. Benjamin Spock," he said. "On the subject of punishment Dr. Spock said, 'Punishment is the substitute, emergency method when the regular system of discipline breaks down. Even then punishment doesn't do much good unless there is sound character underneath and a loving relationship, as all the cases of habitual criminals prove. Good discipline is mainly based on mutual love and respect. In childhood it has to be reinforced with teaching, firmness and reminders.'

Flinn recalled that this thought harmonizes with the Bible Proverbs 22:6: 'Train up a boy according to the way for him: even when he grows old he will not turn aside from it.' "

Flinn said conventions of Jehovah's Witnesses are designed as a regular part of their education program and are designed for all members of the family. All will assemble when the first session commences at the Pasadena Rose Bowl, September 1, equipped with notebook, Bible and willing ear and ready to learn together.

### DEGREE CANDIDATE

ABILENE, TEX. (SDL)—Barbara King, daughter of Mr. and Mrs. J. D. Elston of Lemon Grove, is a candidate for the Bachelor of Science in Education degree from Abilene Christian College in August graduation exercises.

A 1950 graduate of Grossmont Union high school, she majored in elementary education at Abilene Christian where she was a member of GATA

### MT. HELIX LOT REDUCTION TURNED DOWN BY SUPERV

SAN DIEGO (CNS) — The Board of Supervisors refused Tuesday to allow small lots to be permitted on Mt. Helix in an area where one-acre lots have been the standard for years..

Jackson and Scott, Inc., asked for a variance to reduce the minimum building lot size for a lot at Fuerte and Bonnie lane.

## Two LG Students Receive Degrees

BERKELEY—The names of 3,450 June graduates and recipients of certificates and advanced degrees were announced today by Chancellor Edward W. Strong of the University of California's Berkeley campus.

Recipients of advanced degrees from Lemon Grove are Eleanor Marilyn Chassy and Gerald Saxton Mulder.

Formal approval of the list by the Academic Senate's Committee on Graduation Matters brought the total of degrees and certificates awarded at Berkeley for the last academic year to 5,751—an increase of 14 per cent over last year's 5,017. The others finished their work last summer or last January.

Commencement ceremonies are held in June, but spring candidates for degrees don't receive their diplomas until the end of August, after final review of their grades and programs of study.

Some 250 June candidates failed to meet all requirements, but most will complete their studies within a year.

next to the couch in the living room of his house trailer. He had a heart condition prior to his death and complained to a neighbor the evening of August 12 that he had pains in his chest.

**Grease Rack Hoisted**

Sydney N. Nappa, of the Mobil service station at 8807 Troy st., Spring Valley, reported Aug. 13 that the station was tampered with the previous night.

The grease rack was hoisted in the air, tools were thrown about, the station lot and a "Blue Chip" sign was down from the roof of the establishment. A suspect was named.

**Record Robbery**

Norman M. Elspernan, a student, complained to Sheriff's deputies last week that $75 in record albums have been stolen from his residence at 2737 Central ave., Spring Valley since Aug. 1.

**Meat Spoiled**

About $300 in meat was discovered spoiled at the home of Joe Bowlin, 2116 Eldora, Lemon Grove, August 13. Mrs. Kathryn Walsh, Bowlin's mother-in-law, moved into the Bolin's home while they were on vacation and found the freezer containing the meat completely defrosted.

**Caught Siphoning Gas**

Melvin Grant, principal of Mount Miguel high school, apprehended two suspects August 12 siphoning gas from a car on the student parking lot.

The suspects were observed by William Melton, head custodian at the school, and when apprehended, they were pouring the siphoned gas back into the gas tank of the car they took it from.

**Vandals Strike School**

Monterey Heights elementary school buildings will have to be repainted before school starts because of some malicious mischief done there last Friday.

Hamilton Bowen, school custodian, told Sheriff's deputies that unknown persons wrote names and obsenity on the stucco walls and concrete sidewalk with sprigs of iceplant. The iceplan leaves an indelible brown stain when dry.

The vandals also wrote profanity and names on classroom doors with a chalk-like substance and a sharp scratching instrument.

ran is a length ahead of most of the field. Some of the candidates are so unpretty that as Mayor, millions will be revulsed as one of these faces are projected across the nation's teevee screens. All other things being equal, a handsome visage is one to be desired.

**Some of the others have no qualifications for the job either by personality or experience. At least one with whom we are acquainted simply has no sense.**

Jerry Doughtery, a printer, worked in our backshop for a number of years. He is a perennial candidate for the Mayor's office.

**All in all, Frank Curran, with his experience in city government, his interest in the soon-to-be burgeoning Port of San Diego, his willingness to acquire knowledge by which he can give good leadership to his city, are all reasons why we believe that Frank Curran will make a splendid Mayor.**

## Lincoln Wouldn't Know Gettysburg Anymore . . . and Vice Versa

The income tax prepetrators . . . and their minions, the Internal Revenue people, are the subject of a take-off on Lincoln's Gettysburg Address.

**It is appearing in the current issue of the California County Supervisors Association monthly magazine. The publication, in producing it, says the author is unknown which is more than likely true, but we couldn't help feeling that it should be credited to the Unknown Taxpayer . . . if that is an appropriate label.**

Regardless, it makes a point and we reprint it here with deep sympathy:

**One score and nineteen years ago our fathers brought forth upon this nation a new tax, conceived in desperation and dedicated to the proposition that all men are fair game. Now, we are engaged in a great mass of calculations, testing whether this taxpayer or any taxpayer so confused and so impoverished can long endure.**

We are met on Form 1040. We have come to dedicate a large portion of our income to a final resting place with those men who here spend their lives that they may spend our money. It is altogether anguish and torture that we do this. But in a larger sense, we cannot evade, we cannot cheat, we cannot underestimate this tax. The Collectors, clever and sly, who computed here, have gone far beyond our poor power to add and subtract.

**Our creditors will little note nor long remember what we pay here, but the Bureau of Internal Revenue can never forget what we report here.**

It is not for us, the taxpayers, to question the tax which the government has thus far so nobly spent. It is rather for us to be here dedicated to the great task remaining before us . . . that from these vanishing dollars we take increased devotion to the few remaining; that we here highly resolve that next year will not find us in a higher income bracket; that this taxpayer, underpaid, shall figure out more deductions; and that this tax of the people, by the Congress, for the government, shall not cause solvency to perish.

## Appeals Decision on 94-Jamacha Auto Yard

SAN DIEGO (CNS) — An appeal, following a turn-down for expanding an auto wrecking yard at Highway 94. near Jamacha rd., was held over Tuesday by the Board of Supervisors to see how the operation blends in with its neighbors.

W. Chapple, of Coronado, asked for a special use permit to expand an existing yard by 41,200 square feet.

Chapple said that the area could hardly be considered beautiful with a granite pit, a road station, and a used furniture store in existence there.

The County Planning Commission had held that expanding unsightly operations should not be permitted at such a busy intersection.

**THERE'S A "NEW TEXACO LOOK" COMING TO BROADWAY & MASS. IN L.G.**

The TEXACO station at Broadway and Massachusetts could tell some interesting stories. We hate to see it go because it has been part of the way of Lemon Grove's life during the 17 years it stood as a landmark at Lemon Grove's busiest corner.

In several weeks the station is coming down to make way for the largest TEXACO station south of Los Angeles. It will be a 4-bay, 60,000-70,000 gallon facility in gleaming porcelain and steel.

I don't plan to close down during the construction of the new station, which is already taking shape, in the rear of the present building.

Molly Mouillesseaux

I plan to have an Open House to which I want to invite all of my friends.

It is with regret that we cause the passing of a landmark but it is with pride that we will present one of the most attractive new faces in the Lemon Grove area.

# Navy Chief Takes Over Chicken-A-Go

A retired Navy chief and Lemon Grove resident recently purchased the Chicken - A - Go drive-in restaurant on Imperial ave. in Lemon Grove.

Robert Richardson of 8102 Baldwin rd., purchased the restaurant July 15 from Mr. and Mrs. Raymond Saurivein, former proprietors, and has been operating the establishment since with his children.

Richardson, who retired as a master chief radioman July 5, runs the restaurant with his 19-year-old son, Robert, III, who worked there 21 months before his father bought the establishment; his 17-year-old daughter, Rebecca Scott; and Keith, 8.

After a two year tour of duty in Guam aboard the USS Helena, Richardson has been home in Lemon Grove one year.

He was coach of the Spring Valley Sporting Goods Pony League team several years ago, managed Cochran's Record Den Pony League team five years ago, and coached the Hawks in the Lemon Grove Little League this year.

The first meeting of the Lemon Grove Toastmasters was held in Richardson's home, he said.

### COUNTY CLERICAL HELP GIVEN SALARY RAISES

SAN DIEGO (CNS) — A two-and-a-half per cent pay increase for county clerical employees was approved Tuesday by the County Board of Supervisors.

The raise will go into effect Jan. 1, and will bring the county employees to an even level with employes of the City of San Diego.

# Educational Seminar Set For Political Candidates

Armando Rodriguez of the American G.I. Forum, Department of California, announced this week that a special Political Education Seminar will be sponsored by the Forum in Fresno September 7.

"Purpose of this seminar," Rodriguez said, "is to encourage the development of potential candidates for political office who are of Mexican ancestry. This is to be done mainly because we have failed to utilize talents and abilities of the more than 1½ million Mexican-Americans living in California today."

The one day meeting will be held in the Town and Country Lodge in Fresno. Registration fee is one dollar.

The American G.I. Forum is a national veterans organization interested in the development of the American citizen of Mexican ancestry.

"This should signal the start of a militant revival of interest in politicis among Mexican-American citizens. Expert panelists will appear to give us the information on how to be successful in elections."

Rodriguez, who lives at 1902 Massachusetts, Lemon Grove, was a candidate from the 77th District in the 1962 assembly race.

## Foreign School Administrators To Attend SDSC

Twenty-seven school administrators from 19 foreign countries will spend three months studying elementary school administration at San Diego State this fall, Dr. Robert Nardelli announced recently.

Nardelli is professor of education, and coordinator of the International Teacher Development Program in San Diego. The ITDP is sponsored by the U.S. Office of Education and the Department of State.

He said the educators will arrive September 19 from Cyprus, Finland, Peru, Philippines, Basutoland, British Guiana, British Honduras, Dominica, Fiji, Greece, Iceland, Israel, Italy, Malaya, Norway, Northern Rhodesia, Southern Rhodesia, Tanganyika, and Zanzibar. They will depart December 16. Five are women and 22 are men.

Nardelli hopes that the global administrators will be housed as paying guests with families in the college area. The U.S. Office of Education and the Department of State consider the experience of living with American families an important aspect of the program, he said.

Persons interested in having one of the teachers as a paying house guest were urged to phone or write Nardelli at San Diego State campus.

Over 70 per cent of Grossmont College students need part time jobs to continue their studies, according to John A. Burdick, dean of student affairs at the college.

He urges businessmen, industrial establishments and householders to use the Grossmont College campus employment office open weekdays 8 a.m.-5 p.m. The office is maintained on campus by California State Employment Service.

## Savings Bonds Sales Rise 7.5%

United States Saving Bonds totalling $8,768,510 were sold in San Diego County during the last seven months, according to Phillip L. Gildred, county savings bonds chairman.

July sales dropped from $1,381,251 in July of 1962 to $1,223,640 in July, 1963. However, sales bond sales for the last seven months were up 7.5 per cent as compared to the same period last year, Gildred remarked.

"American industry has shown wartime zeal in its offering of the payroll savings plan to its employees. Industry leaders have shown dedication and patriotism in calling advantages of regular thrift to their employees . . . and the employees have responded to the opportunity, he said.

# United GOP's To Meet Today At Catamaran

The growth of United Republicans of California will be the theme of a county-wide meeting today of the nearly 20 Local UROC Units active in the San Diego area.

The meeting, open to the public, will feature Rus Walton, executive secretary of UROC, and will begin promptly at 8 p.m. at the Catamaran hotel in Pacific Beach.

Walton will outline the expansion and future plans of the United Republicans' organization which has astounded California's political pundits by mushrooming from its 33 founders in just four short summer months to the impressive size of more than 3,000 members in over 100 local units throughout the state.

Jack Williams, interim area governor of United Republicans for San Diego County, in announcing the purpose of the meeting, said, "We intend to give all of the grassroots working Republicans who are our members, as well as others who wish to help promote the principles to which we adhere, the chance to meet UROC's able and dedicated Rus Walton whose capable leadership is one of the keys to our fabulous progress and growth."

San Diego's team of Republican legislators will be UROC's guest at this informal convention, and all registered Republican candidates for mayor and city council have been invited to attend.

"A donation of 50 cents per person at the door and an urge to cooperate for Republican victory constitute anyone's credentials for admission to this meeting," Williams concluded.

# Chairman Is Steak Shopping

Robert Vaught, a Lemon Grove businessman and chairman of the Citizens Committee for financing the L.G. Chamber of Commerce through its present fiscal difficulty, was busy this week shopping for steaks.

A contest, under Vaught's sponsorship, will have as one of three prizes a dozen Porterhouse steaks.

There also will be a gallon bottle of bourbon and a U.S. Savings bond. The first two winners will have choice of the prizes and the third winner will take what's left.

The winner will be announced at the Chamber's regular meeting September 3 at El Morocco.

The Committee, said Vaught, is trying to raise $500 to pull the group over the rough spot. Proceeds from the contest should carry the Chamber to the first of the year when a bulk of the members pay their dues.

Anyone may enter the contest by making a dollar donation. Most business firms have entry tickets.

While visiting at 2157 Helix st., Spring Valley, last week Margie Baxter told us a dynamite charge sent boulders crashing through the roof of the house and rocks cracked three windows. No one was hurt, she said. The blasting was being done on new sewer lines on Helix st. and the blast apparently hit an air porket.

FIGHT AGAINST JOBLESSNESS — San Diego County Rep. Lionel Van Deerlin shows Southern California still free of "chronic" unemployment pockets. To help spur the area's economic recovery, Van Deerlin asked Congress to extend the Accelerated Public Works program. Although the unemployment rate in San Diego is 7.5 per cent it is not "chronic" according to national standards.

## Van Deerlin Asks More Accelerated Works Funds

WASHINGTON—Rep. Lionel Van Deerlin of this District this week urged Congress to extend a legislative program which has already benefitted San Diego County by some $8 million.

Van Deerlin addressed the House Monday in support of a bill introduced by Rep. John A. Blatnik (D-Minn.) to continue Accelerated Public Works in counties of "substantial" unemployment.

**Supports City**

In this move, the Congressman claimed support of the city administration in his home city of San Diego, which has 36 APW applications pending for long-planned sewer extensions, water main improvements, fire stations and libraries.

He cited gains already made in the fight against joblessness.

**Sad Facts Named**

"But in July of this year, more than 25,000 persons were still without work in San Diego County," Van Deerlin added. "Our unemployment rate stood at 7.5 per cent of the total available labor force—nearly two percentage points ahead of the national average. This is a distinction my community has borne unhappily since September of 1960."

**Shows Chronic Zones**

Van Deerlin showed a U.S. map with shaded portions indicating pockets of "chronic" unemployment—chiefly in the Appalachians, the northern Iron Range, Mountain States and the Pacific Northwest.

Under Labor Department standards, a community's unemployment is rated "chronic" if 50 per cent above the national average for three years, 75 per cent above for two years or 100 per cent above for one year.

"I'm glad to note that no part of Southern California has dropped into this classification," he said. "We need no massive outside help. Instead, the Accelerated Public Works program, enacted last year, was aimed at stimulating construction in localities which had failed to share fully our nation's recovery from the recession of 1960-61."

**Office To Open**

In a separate action relating to his county's economic recovery, Van Deerlin announced September 6 as opening date for the Small Business Administration's branch office at 3969 Ohio st. in North Park. An agency staff there will process loan applications and assist small manufacturers in bidding and contract procurement.

## Surplus Recorded In General Fund

SACRAMENTO—The State's General Fund contained an unappropriated surplus of $47,565,014 on June 30, the last day of the 1962-63 fiscal year.

State Controller Alan Cranston, in submitting the report to Governor Edmund G. Brown, noted that the unappropriated surplus is $2,560,196 greater than it was last year.

The report also shows balances of continuing appropriations amounting to $39,067,632. This brings the total accumulated surplus for the year to $ 86,632,646—down $ 5,956,750 from the previous year.

The Contoller's Office explained that the unappropriated surplus represents funds available for appropriation by the Legislature, while continuing appropriations are funds earmarked for specific purposes, primarily capital outlay, which have not yet been encumbered by contracts.

Accrued general revenues for 1962-63 as shown in the report amounted to $1,860,925,614. These included $667,574,565 for state operations, $16,410,666 for capital outlay and $1,187,450,490 for local assisstance programs.

## L.M.-S.V. School District Hires 57 New Teachers

Among the 57 new teachers who have been hired by the La Mesa-Spring Valley School District is Mrs. Beverly Sharp, who contributes to the first father daughter team ever to teach in the District. Mrs. Sharp's father, Eric Sanders, is counselor at Parkway Junior High School.

Aside from several husband-wife teams presently employed, the District also has had a mother-son combination.

New teachers include 44 for elementary grades, 13 for junior high, one librarian and a psychologist.

Teacher orientation will begin September 3 for all District teachers. Classes will resume Tuesday, September 10.

Enrollment during the 1962-63 school year was approximately 12,650. Projected enrollment for the new school year 1963-64 is estimated to be 13,100.

**MORE LAND IN S.V. SANITATION DISTRICT**

SAN DIEGO (CNS) — Four acres at Bancroft and Tropico, in Spring Valley, were approved for annexation Monday to the S. V. Sanitation District.

# New Zealand Lass Visits SV After Touring World

By Tom Gorton
News Editor

After touring the world from Waitoa Waikota to "the end of the world" and back again, a young, blue-eyed New Zealand girl took a one-week siesta in Spring Valley.

The young adventuress is Glenice Coldwell, 25, who coincidentally, have a 25-year-old name as Emil and Ann Coldwell, of 1436 Helix st., Spring Valley, whom she stayed with last week. Mr. and Mrs. Coldwell call Glenice their "adopted daughter" because they, coincidentally, have a 25-year-old daughter living in Arlington, Texas.

Glenice began her 17-month tour of the world from her hometown of Waitoa Waikota, a dairy community in the middle of the north island of New Zealand.

**Sailed from New Zealand**

Bound for Europe aboard the **HMS Canberra,** Miss Coldwell stopped in Hawaii, San Francisco and Trinidad before arriving in Kensington, England where she made her headquarters in a flat shared by two Wellington girls and Pamela McCall, with whom she was traveling.

Glenice said she stayed in Kensington, a suburb of London, for two weeks at a time, touring European countries from there.

**Loved Italy**

"I loved Italy for its brightness and color," she remarked in her spunky British accent. "It is so bright and cheerful that you do not notice the poverty and all the smells from the canals," she commented.

"Scotland was a place that really appealed to me," Miss Coldwell said as she blinked her big, blue eyes and brought the thought of the country to mind.

Having toured all the Scandinavian countries, she said she found the people very simple and gentle in their way of life.

**'Quick or Dead'**

But the extreme opposite of peace and simplicity was London, where she said "you wouldn't dare put one foot off the curb." And while she was in London, one of her girl friends, who didn't know better, stepped off the curb and was "mowed down" by an oncoming auto. "London's a place for the quick or the dead," she remarked sharply.

**Disappointed with France**

"I was very disappointed with France," she said. "I guess I expected more. I found it dingy and dark . . . the French won't speak English, even if they can," Glenice reflected.

**End of World**

She was on hand for one of the coldest winters England has experienced. "It was the first time I ever saw snow, and the fog was so thick you couldn't see two feet in front of you," she explained. "I thought it was the end of the world."

**Meets Queen**

When the New Zealand House opened in May in London, Glenice received a special invitation to attend from High Commissioner McDonald of New Zealand. She was presented to Queen Elizabeth at the dedication for her charitable work with children in New Zealand.

**Qualified Judge**

Miss Coldwell, a professional secretary, also teaches dancing at home and is qualified as a ballroom and ballet judge in New Zealand. Contributions to charities from shows her dancing students present annually won her the special invitation to the opening and audience with the Queen.

On her return from England and the Continent, Miss Coldwell has stayed in New York, which she call "the city of the world."

**Greyhounds — Jolly Good**

Contrary to the feelings of many Americans, Glenice finds travel by Greyhound bus "assolutely excellent . . . jolly good. Nothing compares with travel in America and American roads," she observed. "Germany has aimed at super highways with its cloverleaves, but in the European countryside roads are bumpy and narrow."

**Returns Home**

She has spent 99 days touring the United States, traveling in Greyhounds at night and sightseeing during the days.

Glenice left Spring Valley Saturday, and after a brief excursion up the coast as far as Portland, she will return to New Zealand, which she thinks is more Americanized than Anglicized.

## Telephone Books Have Wrong Number

Some days things just don't go right.

Such a day came to the Pacific Telephone Co. this week when it discovered that 20,000 "Blue Books" had been distributed in Lemon Grove and Spring Valley with the wrong code area number printed in them.

"Blue Books" are courtesy 44-page booklets given by PacTel. to its subscribers for convenience in keeping frequently used numbers. They contain code area information for the entire nation. On the inside front cover in the biggest type in the book is the legend "Your Area Code is——."

It should have read 714. The Los Angeles number was used instead.

Streeter King. PacTel. branch manager for the Lemon Grove and Spring Valley areas, requests subscribers to throw the books away.

"New ones with Area Code 714 printed on the inside cover will be distributed within a few days," he said.

He couldn't explain how the error occurred.

# A Drama Experience 'Worth the Bruises'

By Anna Walden

"I had a feeling of accomplishment. It was like nothing else I'd ever experienced. I felt good because I'd pleased everyone."

This was Pamela McCarrell's reaction when she stepped off the plane in San Diego, and was greeted by a group of local drama students. The Spring Valleyites, including members of the La Mesa Little Theatre, presented Pam with a bouquet of red roses, to welcome her to Spring Valley.

Miss McCarrell came to Spring Valley to visit her mother, Mrs. Caroline Sinatra, who recently moved from the local area to accommodate her daughter. She now lives just west of Lemon Grove at 4190 Altadena st.

**Won Drama Award**

Pam, who graduated last June from Pulaski high school in Milwaukee, Wisconsin, won her state's drama award for her performance in the school play, "The Miracle Worker."

Pam portrayed Helen Keller in a performance which Walter Winchell called an "emotional earthquake."

"I didn't think I would get the part," confessed Miss McCarrell. "I didn't think I had the spunk to do it."

**Battered, Bruised**

The petite brownette was battered and bruised and lost five pounds in playing the strenuous part. "I wore padding during rehearsals, but I didn't wear padding during the performance." There is a lot of "rough and tumble" in the part. The fighting, Pam says, "is not just play. It's real."

Student actors in Pam's play were instructed to see a nearby college's production of the play, and the movie. As Pam says, "to get the feeling of the play."

**Not As Career**

Pam doesn't think she will go into acting as a profession. "I like it, but not as a career." Pam may go on to business school now that she has graduated.

"It was an exciting experience," said Pam, "It was worth the bruises."
